KW Electronic Sales, originally established in Dayton Ohio in 1969, today represents a limited number of leading manufacturers of electronic components in a six state area of the midwest. KW is a corporation headquartered in Pittsburgh, Pennsylvania. Our sales associates are located in Cleveland, Cincinnati, Detroit and Pittsburgh insuring timely customer service.

Many products manufactured by companies that KW represents are shipped to our customers through a network of authorized distributors with branch offices and sales personnel in every major metropolitan area.

Samples, Quotations, Delivery dates, Evaluation kits, Performance, Packaging Specifications, and Quality data, can be obtained by contacting any of the sales associates listed here. We look forward to being of service to our customers and the manufacturers we represent.
